

MITIGATE RISK, REDUCE COST AND MIGRATE RELIABLY WITH KNOWLEDGEPATH

WHAT WE OFFER

Oracle is continually adding new, revenue-driving features to its Commerce Suite. Taking advantage of this new functionality will require you to upgrade your current application to the latest versions of ATG. KnowledgePath has helped clients migrate to the current versions using our proven migration methodology that is tuned to reduced risk, cost and migration timeline. The result— you'll be on the fast path to grow your online business quickly and reliably.

WHY WORK WITH US

Oracle ATG – Maximizing your Investment. Migrating to the latest version of Oracle ATG Commerce technology will allow you to optimize your investment in the product suite by allowing you to take advantage of all the new feature that are provided in the latest versions of the product. You'll want to migrate quickly to enable your business team to continue to execute on their online marketing initiatives while at the same time start to take advantage of the new platform features. KnowledgePath's experts understand all the intricacies in migrating from version to version especially when customizations are involved --this knowledge will reduce risk and time.

Our experience is your asset. Our team has focused their careers on working with the Oracle ATG Commerce platform—and mastering its functionality. Our principal consultants each bring more than 10 years of experience in developing and implementing commerce solutions on the Oracle ATG Commerce Suite. The result is a solution that capitalizes on the full breadth and power of Oracle ATG Commerce Suite.

HOW WE WORK: TYPICAL MIGRATION PROJECT FLOW
